

## **Guangzhou Zhixing Chemical Co.,Ltd.**

### **Products catalog of food&animal feed ingredients**

#### **Company Profile**

Guangzhou Zhixing Chemical Co.,Ltd. has own facotry,which was established at as 2003.There are many production units to produce food&animal feed ingredients for more than 20 years.

Its main products scope includes ,essences,colorants,thickeners, sweeteners, vitamins enzyme preparations, antioxidants, preservatives, amino acids, nutritional enhancers and many other kinds of food&animal feed additives.

At present, the factory has more than 500 employees, including production department ,R&D department,marketing department, sales department, storage department, customer information maintenance department and other departments. We have an efficient working mode.

Adhering to the enterprise philosophy of "forge ahead and keep improving", we will continue to explore new markets, focus on new products, and carry out good product publicity and promotion in the food&animal feed additive industry.
